## Annual contribution

### Article 9

Based on Article 9.1 of the Association Regulations, the following four categories are distinguished with regard to the annual contribution:

Category 1: Competition contribution: to be paid by members who mainly play badminton competitively and train for and participate in an external competition organized by Badminton Nederland.

Category 2: Recreational contribution: to be paid by members who mainly play badminton recreationally with the possibility to participate in an external competition organized by Recreational Competition Zuid-Holland.

Category 3: Friday morning contribution: to be paid by members who mainly play Friday mornings and are not allowed to participate in external competitions.

Category 4: Youth contribution: payable by all members who are 18 years or younger at the start of the calendar year, regardless of whether they are training for or participating in an external competition.

### Article 10

Depending on the stated preference of the member, the annual contribution for the current association year is collected once in January or in four equal monthly instalments in January, February, March and April. A member can change his preference by giving written notification to the secretary. A change applies from the following year. If the member has not indicated an explicit preference, a one go preference is assumed.

### Article 11 Temporary Not Playing

1. A member can request the status temporarily not play (TNS). During this period, the member is not entitled to play badminton at or on behalf of OnderOns, but otherwise retains all rights and obligations associated with membership.

2. The TNS starts on the date indicated by the member, but not earlier than the date on which the secretary receives the written TNS request by or on behalf of the member.

3. The TNS ends when the member indicates this himself to the board or if the board finds that the member is playing again.

4. During the TNS period, the member accrues a 50% discount on a proportional part of the annual contribution.

5. There is a right to a discount if the TNS period lasts or has lasted 6 months or more.

6. If a right to a discount has arisen, the accrued discount will be deducted from the annual contribution of the following association year. Another settlement or direct payment is not possible.

### Article 12 Student discount scheme

Pupil / student: member who is 19 to 25 years old at the start of the current association year and who is taking full-time lessons at a secondary school, MBO, HBO or university and who proves this at the start of the association year by submitting a proof of registration issued by the institute.

2. Pupils and students receive a discount on their annual contribution. The discount is determined per category by the GMM.

### Article 13

New members are required to pay a proportionate share of the annual contribution applicable to their category in the year of accession. The part is equal to the number of days remaining in the club year excluding the summer break from the registration date divided by the total number of days in the club year excluding summer break. This means that the summer period is not counted.
